A/B/O Verse

Kapitel 16:

Eijiro and Izuku woke up the next day. They still felt weak, but they would live. Katsuki, Ochako and Mina were so happy about it.

All the alphas that were bitten had to stay in the hospital for three more days. Just to make sure, nothing bad was happening with them. Savage – who was still incarcerated – wouldn't tell them, what her quirk exactly did. So they had to wait it out.

The three days were like hell for the three omegas. They missed their alphas really badly. But school was a good distraction. One time in the cafeteria, Katsuki crossed Monoma. The B Class student hightailed out of the cafeteria, as if the devil himself just appeared in front of him. This made Katsuki smirk. He better ran.

Finally Izuku, Eijiro, Hitoshi and Shoto were discharged from the hospital. Nothing had happened yet and their injuries were healed. But just to make sure, Hitoshi would stay with the A class, for a few more days. Just in case, the bite turned out to be something really bad.

Six days had passed since the incident. And something was happening.

Eijiro felt absolutely terrible when he woke up. He felt like he had a fever. Was that a rut coming up? That couldn't be ... He struggled to get out of the bed. He put on a pair of sweatpants, no shirt, no socks, not even his crocs. He grabbed a towel and headed down to the showers. He scratched his neck, where the bite mark was. He almost couldn't keep his eyes open.

He somehow made it to the showers, he pulled down his pants and with no care in the world, that they were still on the ground, he walked into the shower. It didn't even bother him, that the water was ice cold. He closed the eyes and let the water run over his body.

Eijiro didn't have the strength to properly wash himself. His arms felt so tired ... he shook his head and turned off the shower. Damn, he wanted to sleep again. Was he

getting sick now? He picked up the towel and scrubbed over his body a bit, but all strength left him, so he just threw the towel away and still half wet, put the pants on. His hair was still dripping wet and water droplets made their way down his body, he didn't care.

He zombie walked out of the bathrooms. He sniffed; some of the betas were down here and two omegas ...

He walked to the common room. Katsuki and Tsuyu were down here. Denki, Mashirao, Hanta and Mineta were also here. He moved towards Katsuki.

Tsuyu noticed him first. "Oh, Kirishima, is everything okay, ribbit?"

Katsuki turned around, his look turned concerned, when he spotted Eijiro. "Hey, you don't look so good ..." the omega started.

Omega ... his omega ... he could smell him and he smelled like him ... Eijiro moved quicker towards Katsuki.

"Oi, something's not right" Denki said.

"Yeah, should I get Aizawa?" Sero asked.

"Yes, I think this is a good idea" Denki replied. He tensed up. Sero pulled out his phone and dialed Aizawa.

Kirishima was in front of Katsuki now, he moved closer and cornered Katsuki between himself and the kitchen counter. He released a very strong musky cedar scent but there was something different in it now, something spicier that Katsuki had never smelled before.

Eijiro growled and smelled at Katsuki's neck. "My ... omega", growled the redhead. He breathed heavily, he pulled the corners of his mouth back and revealed his teeth. His tongue licked over his upper lip. The look in his crimson eyes was scary.

"Shit, something is happening! Get him off!" Katsuki heard Sero talking, but he was too focused on Eijiro.

He flinched as Eijiro moved forward, pressing his body against Katsuki's, grinding into him. He growled and suddenly pressed his lips against Katsuki's. The blonde was shocked and gasped for air.

The others were equally shocked. Did Eijiro just do that? Tsuyu backed up, the scent of her alpha classmate scared her, she held onto Mashirao's arm.

Katsuki tried to struggle free, but Eijiro was stronger. He deepened the kiss and as Katsuki opened his mouth, he forced his tongue in. Eijiro's sharp teeth dug into Katsuki's tongue and he could feel some cuts on it and blood in his mouth.

And then it was over, someone ripped Eijiro away from him. It was Izuku. Deku growled aggressively and Eijiro returned that with a growl of himself. "Get away from my omega!" Izuku roared.

"He's mine!" Eijiro's scent got even worse. Deku was also pissed off. He activated Full Cowl and jumped onto Eijiro. The redhead hardened himself and grabbed Izuku. He grabbed Izuku's arm and almost crushed it. They both roared. It sounded like two beasts of the wild.

Still shocked, Katsuki stared at the two alphas. Denki pulled him back behind the counter. The electric-user knew that this wasn't a good situation for any omega.

A loud scream came from the elevators and the girls came running out. They were followed by a raging Shinso. "Help! He turned crazy in the elevator!" Ochako screamed. Momo and Kyoka were behind her.

"Shit!" Mashirao moved forward and attacked Shinso with his tail. But the alpha blocked him with one hand, as if it was nothing. Since when was Shinso this strong?

"Fucking Ape! Stay down!" Shinso growled. Mashirao shivered at his alpha authority. He couldn't be commanded like an omega, but it was still so fucking scary.

He staggered a few steps back. Shinso stared down at Ojiro. His eyes were feral. He bared his teeth at the beta and pushed him back. He then looked over to the other two alphas. he also growled. But then he turned back to the omegas. "Omegas ..." he moved towards them now. Denki and Hanta stood in front of the girls and Katsuki.

"You, stay back!" He used alpha authority. Both Sero and Kaminari got goose bumps, but they stood their ground.

"G-Get away from them!" Kaminari stuttered.

Shinso screamed as a spike of ice hit his back. "You're not getting the omegas" Todoroki snarled. He released ice from his hand. "They are mine!"

Todoroki pushed Shinso down on the counter. He hovered over him, showing his teeth. His fingernails dug into Shinso's arms.

"Run!" Kaminari told the omegas. They followed Kaminari and rounded the counter. But suddenly, Eijiro and Izuku stopped their fighting, so did Todoroki and Shinso. Now the group of omegas and betas were surrounded by the four alphas. "You're not going", Izuku growled.

Eijiro roared and started to harden again, and then he jumped. He tackled Katsuki to the ground. "MY OMEGA!" Katsuki yelped when his back hit the ground.

Kirishima was over him, he pinned his hands down to the ground. The sharpness of his body actually slit Katsuki's wrists and hands a little. Kirishima went into his Unbreakable mode and Katsuki now looked into the crazy eyes of a feral alpha. He

was scared when the sharp teeth of his friend came closer. Eijiro salivated heavily.

He tried to use his explosions, but since he was in unbreakable, they did effectively nothing. "You're MINE!"

"Stop it!" Eijiro yelled, as Ochako touched him and made him float. Suddenly Iida was by his side and he Recipro Bursted Eijiro to the other side of the room. He then grabbed Katsuki by the wrist and pulled him up.

Iida grabbed Ochako by the arm too, he pulled both omegas closer and then he ran out of the building. "We need to bring all of you to safety", he had a serious look on his face. "They turned completely feral."

"What? What do you mean?" Ochako asked.

"Have you not seen it? They got sharp canines and claws. More animal-like. This usually doesn't happen in these days anymore. And their eyes, they glowed. But no time, I need to get the others. You stay here, wait for the teachers! Keep other omegas away from this building!"

With that, Tenya ran back to the house. Shoji had Toru and Mina in his arms and tried to shield them from Shinso, when Tenya came back. Shinso was on all fours, and moved like an animal he growled and prepared to jump. Sero tried to hold him back with his tape.

Tsuyu cried and held onto Denki's arm. Jiro moved backwards, as Izuku approached her. She let out a scream and ducked, as he crashed into the wall behind her, he was still in Full Cowl. "Jiro!" Tenya held out his hand for her.

Also crying, Jiro jumped in his arms, she shivered so much. Tenya brought her out of the house and to Ochako and Katsuki.

Rikido used his sugar rush to pummel down on Shoto but he was almost completely frozen. Shoji dodged a jump from Eijiro, still in Unbreakable mode. He covered Toru and Mina as good as he could.

Tokoyami tried to fend off Izuku, who was now after Momo. He dodged Dark Shadow and crashed into Momo. She let out a scream of pain. Izuku had an iron grasp on her wrist and he yanked her around. Saliva was flowing out of his mouth. Momo stared into his changed teeth, those were fangs! They reminded her of a dog or wolf. He was about to bite down on her, but Mashirao hit him with his tail. Izuku grabbed him and bit down on the flesh. Ojiro let out a groan of pain.

Tenya kicked Izuku in the head. He then grabbed Momo and Tsuyu and ran out with them. Only one more time. He needed to get Toru and Mina next. He ran back immediately. Where the hell were the teachers?

Koji had called for some birds, that were trying to keep the rampaging alphas busy, but many of them got hit by their big paws. They got extremely long and sharp claws

now. It was quite dangerous.

Yuga shot his laser at Shinso, who was still attacking Shoji with Mina and Toru. Denki also tried to keep him at bay. But Shinso didn't care if he got electrocuted.

It was especially difficult to keep Todoroki at bay. He constantly used his fire and ice and it was difficult to control him. Rikido's left side was completely frozen.

Tenya charged at Shinso with his Recipro Extend, he hit him in the head, this gave Shoji the opportunity to get past him. Fumikage was still trying to hold off Izuku.

But he was still faster with Full Cowl, and he got the jump on Shoji, he was now on the other alpha's shoulder Toru and Mina screamed, which got the attention of the other feral alphas. They immediately changed course and were now attacking Shoji. "Fuck!" he swore. He moved his body to shield the two omegas. He could feel Izuku's claws ripping open his arm. "Give me the omegas!" he roared.

"Never!" Shoji exclaimed. Shinso tackled him in the side on which Mina was. The girl screamed even more. Rikido charged at the purple alpha even though he was half immobilized.

Tenya grabbed Izuku and ripped him off of Shoji. Denki tried to shock Shoto but he got burned instead.

Yuga fired more lasers but this seemed to make them only more agitated. Eijiro now targeted him and he could only dodge by using his laser, it was a tight fit. If he were to be hit by Unbreakable Kirishima then he was done for.

Sero used his tape to slow down Kirishima, but this dude really did his name justice. He was unbreakable and nothing could stop him now.

Koji used his birds to swarm the alphas and distract them. Tenya finally got a hold of Izuku and Shinso. "Run Shoji! Bring them out!"

"Yes!" The door was now free and he finally made it out!
